Instructions to Purchase and Install HandsFree

Visit the Website
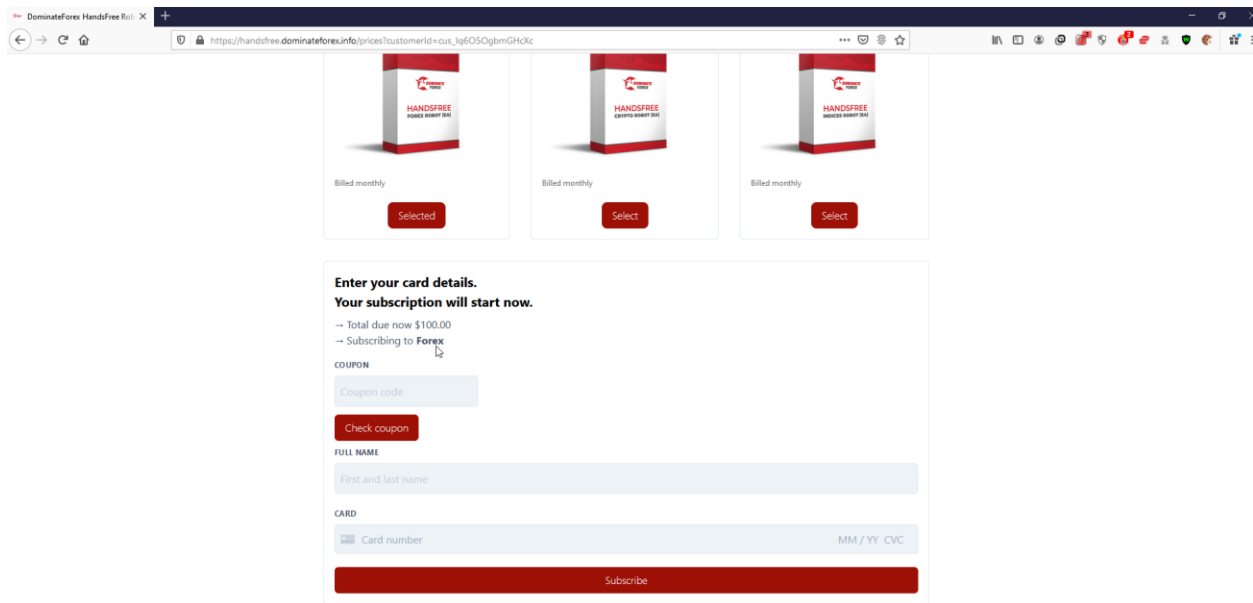

https://handsfree.dominateforex.info
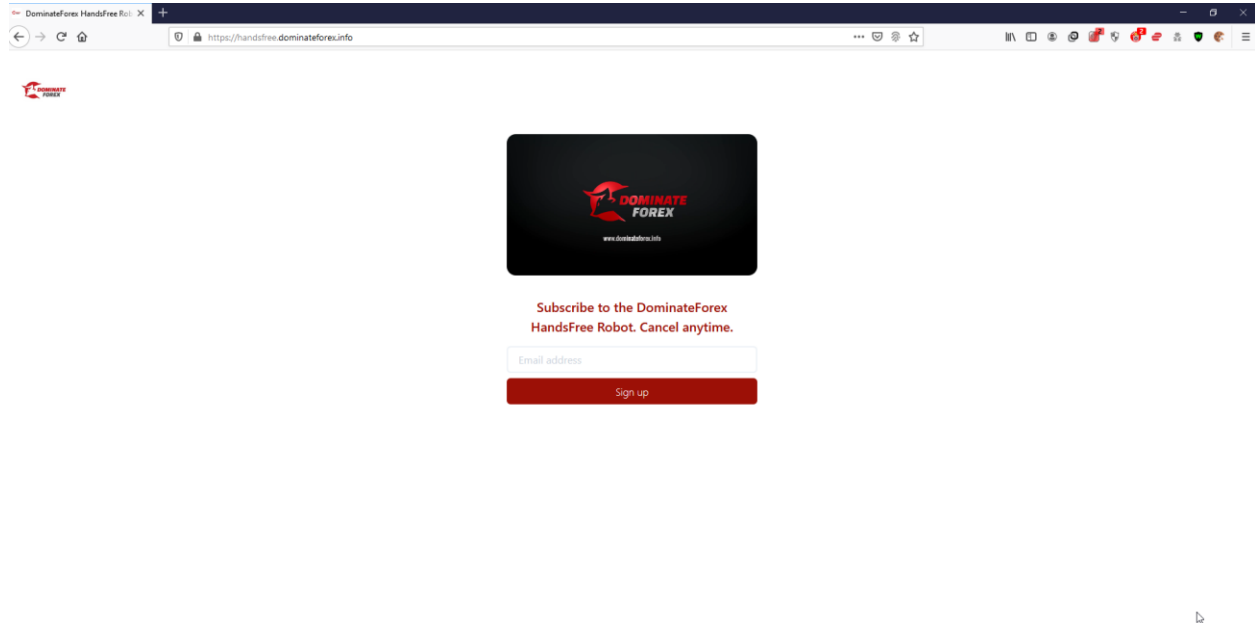

Input your email address and select sign up
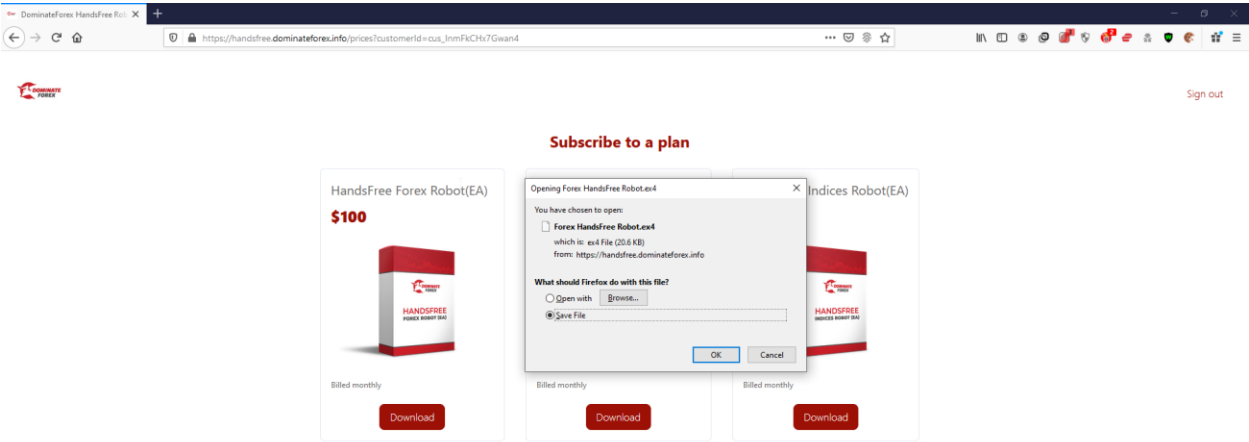

Then choose your product and click select

After you select your product the Checkout screen will show

Input a coupon if you have one and select Check Coupon (if no coupon then continue) & input name and card details & select subscribe

After payment goes through, you'll be on the screen to download the Handsfree EA and click download

Then open MT4 and click Tools and then options

Make sure Allow automated trading, Disable automated trading when the account has changed, disable automated trading when the profile has been changed, Allow DLL Imports, & Allow webrequest for listed URL: are all checked
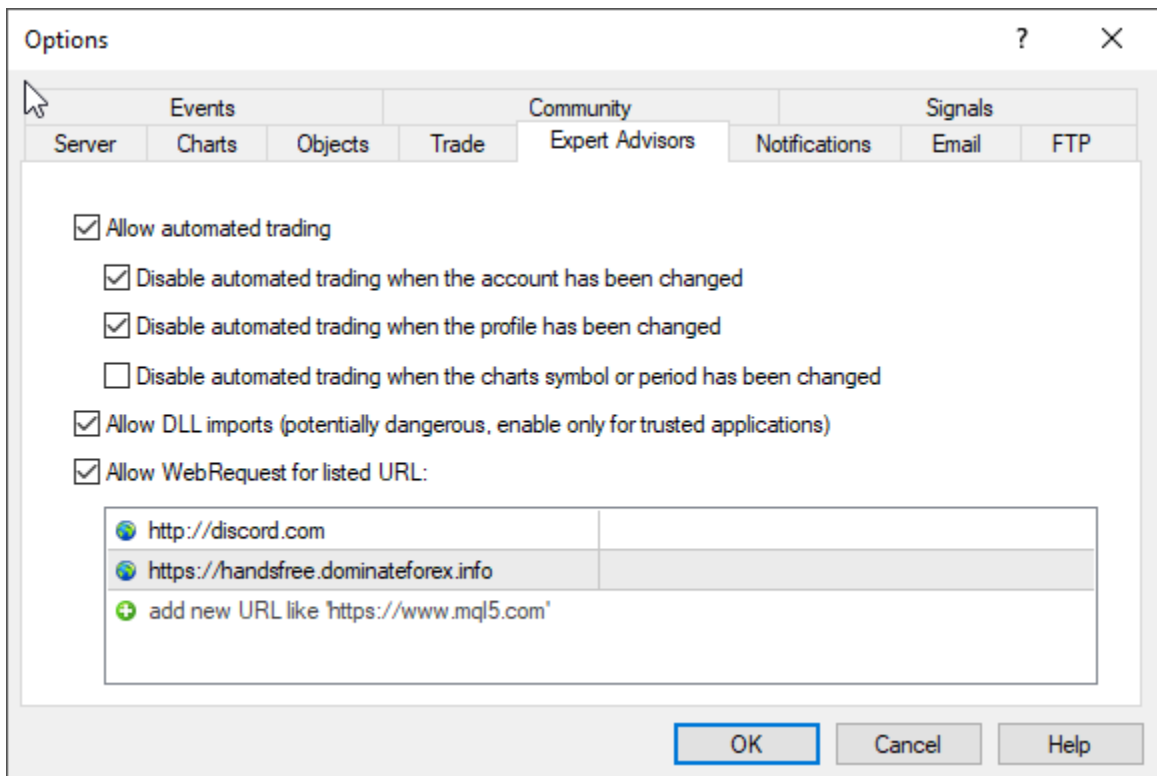

Input both of these urls exactly like this in the picture.
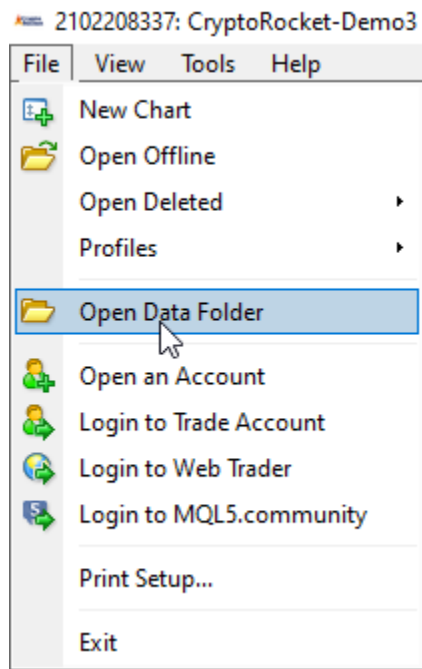

http://discord.com

https://handsfree.dominateforex.info
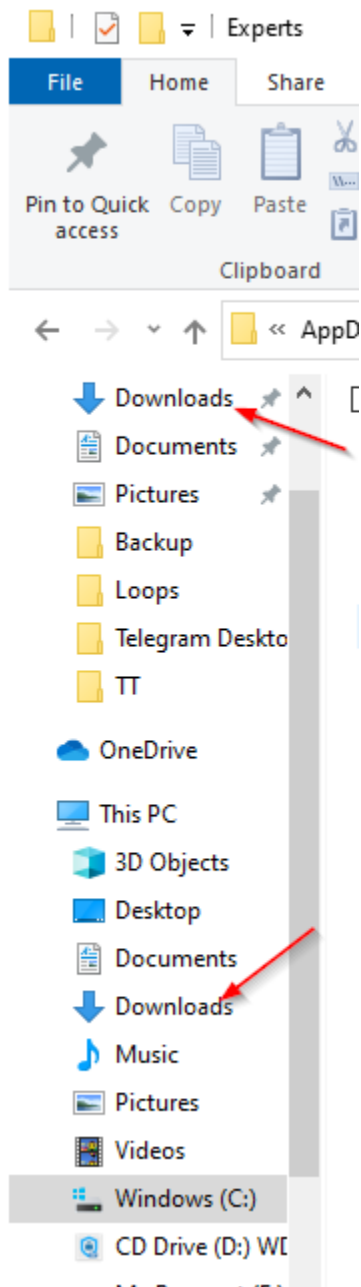

Hit Ok

Now to install the EA to MT4
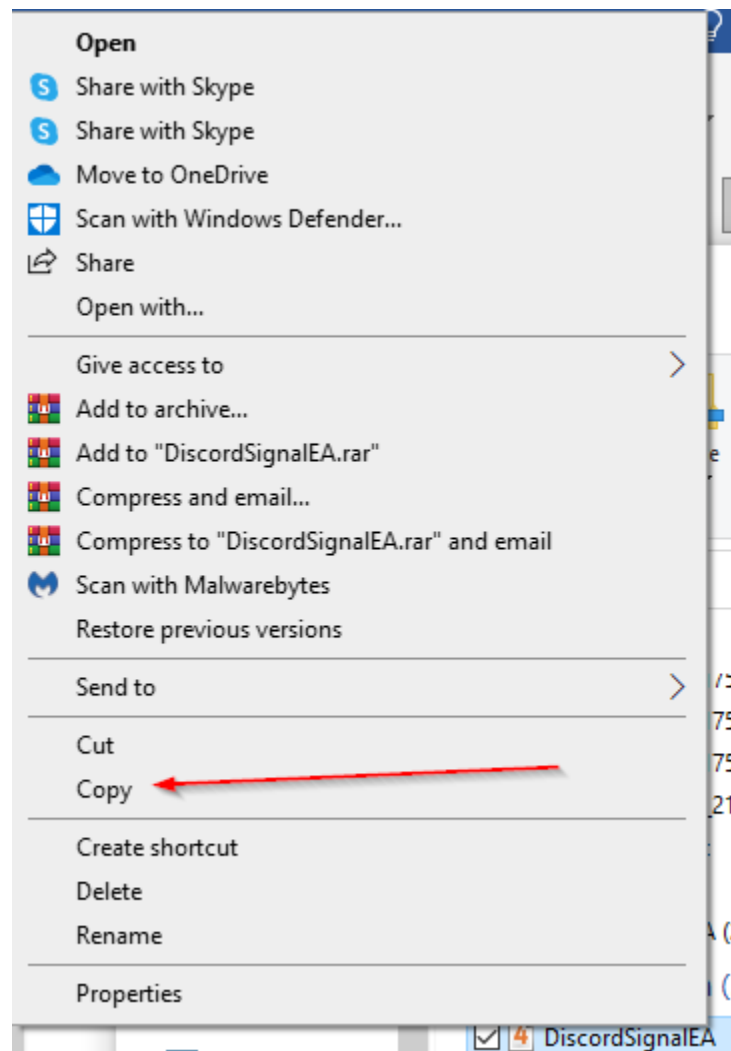

Click file open data folder

Then click MQL4 and then the experts folder

Once in the experts folder click the downloads folder in the left side bar

Then right click on the HandsFree Robot EA and click copy

Open

   Properties

☑ 4 DiscordSignalEA

After press back on the toolbar and go back to the Experts Folder

←   →   ⌄   ↑   ⬇   >   This PC   >   Downloads
Back to Experts (Alt + Left Arrow)   me

Right click in that folder and paste the HandsFree Robot
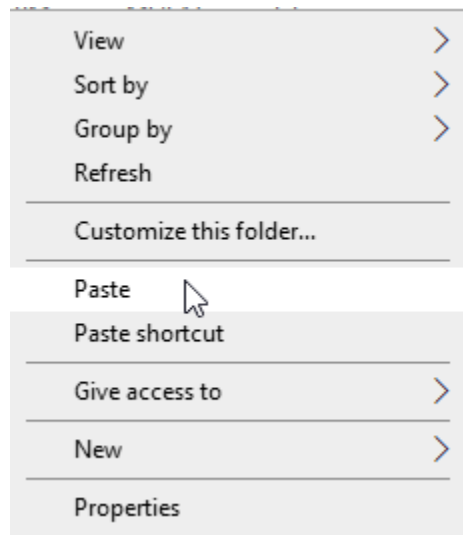

Now go back into mt4 and right click on an indicator and press refresh and you should see the
HandsFree Robot

Here's the EA

Now open any asset from the currency window and right click and open chart

Once the chart is open go to the indicator window, find the Handsfree, click and drag it to the chart
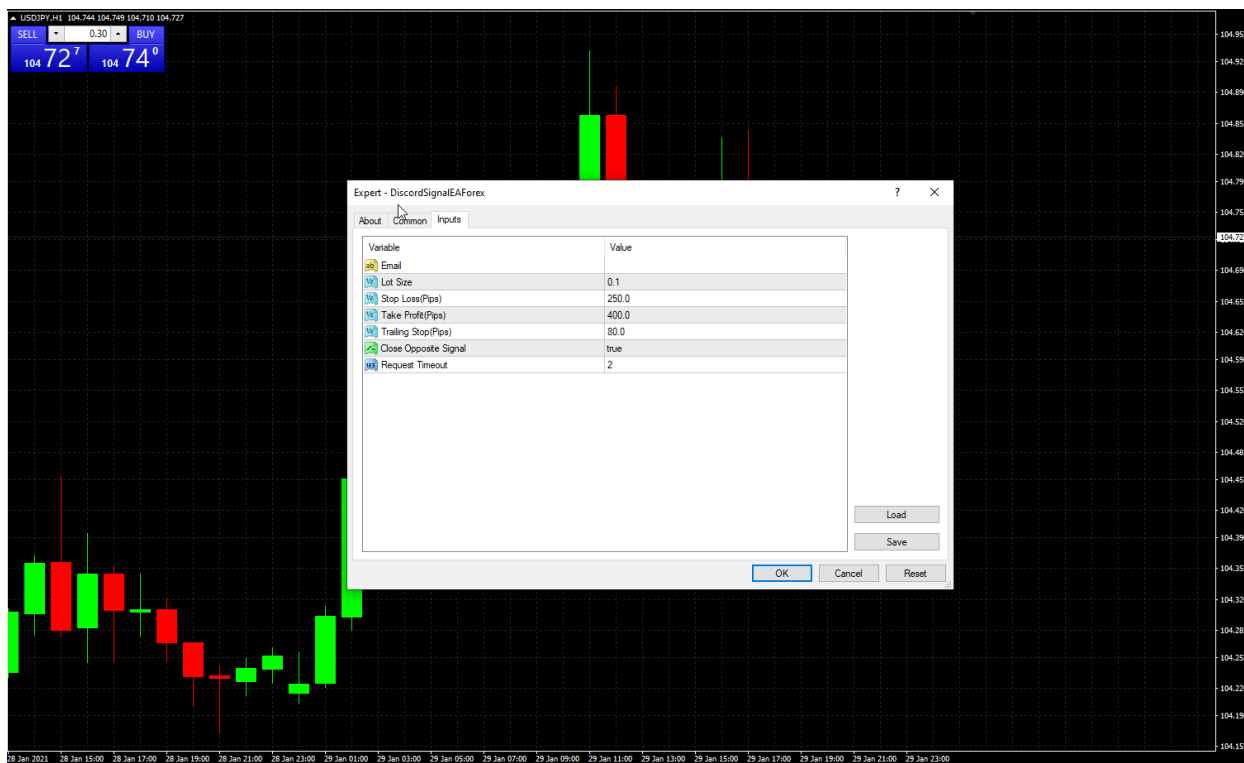

Click common tab and make sure allow live trading is checked

Input email and change settings to desired pips
